

SUMMARY

Motivated B.Tech graduate specializing in **AWS Cloud** with internship experience in developing serverless and cloud-based automation solutions using AWS services. Possess foundational knowledge of cloud computing, Linux, and **Python**, along with hands-on experience in AWS Lambda, Step Functions, and cloud-native architectures through academic and practical projects. Strong analytical and problem-solving skills with a keen interest in building scalable cloud solutions and gaining industry experience in **Cloud** and **DevOps** domains.

CERTIFICATES

- AWS Cloud Practitioner** | Udemy | Pursuing
- Master Devops with AI** | Udemy | Pursuing
- AWS Accreditation (Technical)** | AWS | Completed
- AWS Cloud Economics** | AWS | Completed
- Digital Sovereignty on AWS** | AWS | Completed
- Generative AI Essentials (AWS)** | AWS | Completed
- Migrating Workloads to AWS (Technical)** | AWS | Completed
- Containers on AWS (Technical)** | AWS | Completed

ADDITIONAL INFORMATION

- Languages:** English (Professional), Hindi, Marathi(Native)
- Interests:** Karting and Snooker
- Achievements:** Dynamics and Safety Lead at Formula Ashwariders, Vice Chairperson at SAE club

EDUCATION

B.E. in Industrial Internet of Things (RTMNU) Oct '22 - Present

St. Vincent Pallotti College of Engineering and Technology

- Secured **7.08 CGPA**

Maharashtra State Board (HSC) Mar '20 - Jun '22

Hadas Junior College

- Secured **73%**

Central Board of Secondary Education (CBSE) Mar '19 - Mar '20

Sanjuba High School (C.B.S.E)

- Secured **76.4%**

Experience

AWS Cloud Intern Dec '25 - Mar '26

F13 Technologies New Delhi

Smart Employee Onboarding System :

- Built a serverless onboarding system using **Cognito**, **Lambda**, API Gateway, **Step Functions**, **DynamoDB**, and S3.
- Implemented **JWT**-authenticated onboarding with S3 uploads, **Texttract** validation, and HR tracking.
- Automated document verification, notifications, and IT provisioning using Step Functions and **Lambda**.

Dec '25 - Feb '26

AI Resume Parser:

- Built a serverless resume parser using **AWS S3**, Lambda, **SQS**, Texttract, DynamoDB, and **API Gateway**.
- Implemented skill extraction, experience parsing, and cosine similarity-based job matching.
- Developed a recruiter dashboard with analytics, pre-signed downloads, and match visualization.

PERSONAL PROJECTS

Cloudfolio – Personal Portfolio Website Oct '25 - Dec '25

- Built and hosted a personal portfolio website using AWS S3 **static hosting** and a custom domain.
- Automated **CI/CD** deployments using **GitHub Actions** and GitHub repositories.
- Configured secure **HTTPS** access with **SSL/TLS** certificates and domain routing.
- Integrated **CloudFront** for scalable delivery and **DNS** management.

TECHNICAL SKILLS

Cloud Platforms: AWS (Lambda, S3, API Gateway, DynamoDB, Step Functions, Cognito, EC2, IAM, VPC, CloudWatch), Azure Fundamentals

DevOps Tools: Docker, Kubernetes (Basics), Git, GitHub, GitHub Actions, CI/CD Pipelines

Programming & Scripting: Python, Bash

Operating Systems: Linux, Windows

Monitoring & Logging: CloudWatch, Grafana

Networking: TCP/IP, DNS, HTTP/HTTPS, VPC, Subnetting, Networking Fundamentals

Development Tools: VS Code, Postman

Soft Skills: Problem Solving, Technical Documentation, Team Collaboration, Quick Learner
